and listed building consent for the temporary installation of structures, signage and wayfinding associated with the winter 2018 event at Southbank Centre.

Similar events are held each year and have become an integral part of the area's offer, drawing many people to the area which has knock-on benefits for other businesses and facilities. We do not consider it to have any detrimental impact on the operation of the theatre, neither would there be any harm to the character and fabric of the Grade I listed building due the proposal's temporary nature. Therefore Trust **supports** these applications and **recommends the granting of planning permission, advertisement consent and listed building consent.**
