

Exploring Theatres Engagement Mission

The Theatres Trust aims to encourage a better understanding of theatre buildings and performance spaces through our online learning resource, 'Exploring Theatres'.

'Exploring Theatres' will draw upon the knowledge base of The Theatres Trust and aim to guide, inform and help people to appreciate theatre buildings and the spaces around them.

We aim to engage with, and support policies and programmes promoting cultural education and learning across the UK.

We hope to deliver innovative and inspiring projects that have genuine impact, and which build on an individual's abilities and emphasise a sense of achievement.

We aim to work in partnership with theatres, educational institutions and community groups throughout the UK to increase awareness of 'Exploring Theatres'.

Through regular dialogue, we aim to seek advice and feedback from teachers, other specialists and learners on developing 'Exploring Theatres'.

You can find 'Exploring Theatres' at:
