**Application:** 137808/LO/2023

**Site:** Opera House Quay Street Manchester M3 3HP

**Proposal:** Listed building consent for the removal of liquid plastic waterproofing and replace with lead to top of string course and other projections.

**Remit:**

Theatres Trust is the national advisory public body for theatres. We were established through the Theatres Trust Act 1976 'to promote the better protection of theatres' and provide statutory planning advice on theatre buildings and theatre use in England through The Town and Country Planning (Development Management Procedure) (England) Order 2015, requiring the Trust to be consulted by local authorities on planning applications which include 'development involving any land on which there is a theatre'.

**Comment:**

This application for listed building consent at Manchester Opera House seeks replacement of liquid plastic weather-proofing, varying a previously approved consent for works to the theatre's façade and other elevations. This is due to further inspections discovering the previous coating to have failed.

## Protecting theatres for **everyone**

It is proposed to remove the liquid plastic and introduce a lead flashing detail, which is more normally used at historic buildings. The intention is to protect the building's rendering by preventing future water ingress.

On that basis we are supportive of the granting of listed building consent.

Please contact us if we may be of further assistance or should you wish to discuss these comments in further detail.

A handwritten signature in black ink that reads "T. Clarke".

Tom Clarke MRTPI
